Highway Matters – Mr A Relph reported that there had been several complaints about the missing road markings at Maughanby School, The Clerk to report this again to John Banks. There is work being done at Dale Raven bridge. Mr M Wilson had reported the undermining at Hazlerigg Bridge. A bridge engineer had been and assessed the bridge and reported that it was gravel build up that had been washed out and there was no damaged to the bridge structure. The Bridge at Low Farm has been mentioned to Highways. It is classed as a culvert so does not have an annual inspection but they would look at it on their next visit in the area. There had been several complaints about the stones that residents have been putting on the outside of the grass verges. A note to be put out to residents to make them aware that they are liable if they cause an accident. Officially the highway extends from hedge to hedge or wall to wall and includes verges.
